

Monday 16th October 2023		
Dementias		
Time	Title	Lecturer
10:00 - 10:30	Introduction	Wilma van de Berg and Marianna Bugiani
10:30 - 11:30	Dementia's introduction	Pieter Jelle Visser
11:30 - 12:30	Alzheimer's disease: clinical subtypes and early diagnostics	TBD
12.30-13.30	<i>lunch break</i>	
13:30 - 14:30	Parkinson's and other movement disorders: clinical phenotype and diagnostics	Janna van Wetering
14:30 - 15:30	Neuropathology of Parkinson's	Wilma van de Berg
15.30 - 16:00	<i>coffee break</i>	
16:00 - 17:00	Neuropathology of Alzheimer's disease	Annemieke Rozemuller

Tuesday 17th October 2023		
White matter diseases		
Time	Title	Who
10:00 - 11:00	Amyotrophic lateral sclerosis: clinical phenotype and diagnostics	Eleonora Aronica
11:00 - 12:00	Multiple sclerosis: clinical phenotype and diagnostics	Bernard Uitdehaag
12:00 - 13:00	<i>lunch break</i>	
13:00 - 14:00	White matter disorders	Marianna Bugiani
14:00 - 15:00	Neurodegeneration MRI diagnostics and new techniques	Mara ten Kate
15:00 - 15:30	<i>Coffee break</i>	
15:30 - 17:00	Gross Neuroanatomy Neurodegenerative disorders	Marianna and Wilma

Wednesday 18th October 2023		
Cell and animal models in neurodegeneration / MS		
Time	Title	Who
10:00 - 11:00	iPSC and organoid models systems for Neurodegenerative disorders	Vanessa Donega
11:00 - 11:30	Neurodegeneration human tissue models	Bonnie Plug
11:30 - 12:30	Prion disease and prion-like mechanisms	Wiep Scheper
12:30 - 13:30	<i>lunch break</i>	
13:30 - 14.30	Animal models in MS	Gijs Kooij
14.30- 15.30	Animal models in Parkinson's disease	TBD
15:30 - 16:00	<i>Coffee break</i>	
16:00 - 17:00	Primate models for Neurodegenerative disorders	Jinte Middeldorp

Thursday 19th October 2023		
Biomarker and fundamental research neurodegenerative diseases		
Time	Title	Who
10:00 - 11:00	CSF and blood biomarkers for neurodegenerative diseases	Charlotte Teunissen
11:00 - 12:00	PET based biomarkers for AD	Rik Ossenkoppele
12:00-13:00	<i>Lunch break</i>	
13:00 - 14:00	Interneuron activity & Alzheimer	TBD
14.00- 15.00	Brain barriers in health and disease	TBD
15:00 - 15:30	<i>Coffee break</i>	
15:30 - 16:30	Defining pathology-sensitive MRI biomarkers of neurodegenerative diseases	Laura Jonkman

Friday 20th October 2023		
Inflammation and Neurodegeneration		
Time	What	Who
10:00 - 11:00	Overview of neuroinflammation definitions	TBD
11:00 - 12:00	Inflammation, neuroinflammation and inflammaging	Claudio Franceschi
12:00-13:00	<i>lunch break</i>	
13:00 - 14:00	Infections, inflammation and Parkinson's disease	Wilma van de Berg
14.00- 15.00	Inflammation and heterogeneity in Alzheimer's disease	Betty Tijms
15:00 - 15:30	<i>Coffee break</i>	
15:30 - 16:30	General discussion	Marianna and Wilma
